

## CAMS Student Support Program (SSP) 2007-08

Every CAMS student has access to the Student Support Program (SSP). The **SSP** assesses students' needs in three developmental areas (**academic, career/college, and personal/social**) and then works to address these needs. **Academic achievement** refers to progress towards educational goals, as determined by data such as report cards, grade point averages, and standardized test scores (CAHSEE, PSAT, AP exams). **Career/College** includes the necessary skills and attitudes for successful transition from high school to post-secondary education and employment. **Personal/social** centers on maximizing each student's individual growth and social maturity in the areas of personal management and social interaction. The Student Support Personnel Team (**SSPT**), made-up of many dedicated full- and part-time CAMS employees, creates, organizes, manages, and evaluates the Student Support Program (**SSP**). Below is the list of SSPT members and their telephone numbers, emails, primary duties, and developmental/support area. These caring people are ready to serve you!

<b>Title/Hours</b>	<b>Name/Telephone/ Email</b>	<b>Primary SSP Duties</b>	<b>Developmental/ Support area:</b>
